DES INV 181

Reimagining Mobility

CS 184

Computer Graphics

CS 188

Artificial Intelligence

DATA 100

Data Science

EXPERIENCE

TWITTER *Design & Software Engineering Intern - Open Source Team | May - Aug 2018*

- Designed and developed the new version of opensource.twitter.com
 - Analyzed competitors' Open Source websites
 - Designed multiple iterations of mockups
 - Used HTML/CSS/JS and Twitter's design system to build the website's front end
- Produced design assets (flyers, ads, templates) for events and teams
- Designed and ordered swag and apparel for Twitter Open Source
- Devised solutions for the UI/UX problems with Twitter's internal class website

INNOVATIVE DESIGN

Web Team | Jan 2018 - Present

- Designed and developed websites for student organizations
- Remodeled appearance and improved functionality of clients' old websites
- Learned 2D and 3D Javascript animation for personal projects

Gold Team - Graphic Design | Aug - Dec 2017

- Made logos and other graphics for student organizations
- Worked with clients on rebranding

COMPUTER SCIENCE MENTORS *CS 61B Mentor | Jan 2019 - Present*

- Taught a weekly discussion section on data structures and algorithms

THE DAILY CALIFORNIAN *Graphic Artist | Aug - Dec 2017*

- Created infographics for online and print articles under tight deadlines

ID TECH CAMPS - CALTECH *Python Programming Instructor | June - Aug 2017*

- Taught the DIY: Build Your Own Laptop and Learn Python course to high school and middle school students
- Created curriculum, developed projects & assignments

THE MOVEMENT - DANCE TEAM

Design Chair & Historian | Jan 2017 - May 2018, Jan 2019 - Present

- Designed ads for auditions, performances, fundraisers, and other events
- Managed our social media presence
- Photographed dance teams, produced dance music videos
- Managed design, production, and distribution of apparel

External Affairs Chair | Aug - Dec 2018

- Planned dance workshops and events for a 150+ member organization
