- Illustrator
- Photoshop
- InDesign

COURSES

CS 188
Artificial Intelligence

DATA 100
Data Science

CS 61C
Machine Structures

CS 61B
Data Structures

CS 61A
Computer Programs

EXPERIENCE

TWITTER   *Design & Software Engineering Intern - Open Source Team | Summer 2018*
- Designed and developed the new version of opensource.twitter.com
  - Analyzed competitors' Open Source websites
  - Designed multiple iterations of mockups
  - Used HTML/CSS/JS and Twitter's design system to build the website's front end
- Produced design assets (flyers, ads, templates) for events and teams
- Designed and ordered swag and apparel for Twitter Open Source
- Devised solutions for the UI/UX problems with Twitter's internal class website

COMPUTER SCIENCE 61B COURSE STAFF   *Academic Intern | Spring 2018*
- Answered programming questions about projects, homework, and labs
- Explained technical concepts during lab and office hours

INNOVATIVE DESIGN

Web Team | Spring 2018 - Present
- Designed and developed websites for student organizations
- Remodeled appearance and improved functionality of clients' old websites

Gold Team - Graphic Design | Fall 2017
- Made logos and other graphics for student organizations
- Worked with clients on rebranding

THE DAILY CALIFORNIAN   *Graphic Artist | Fall 2017*
- Created infographics for online and print articles under tight deadlines

iD TECH CAMPS - CALTECH   *Python Programming Instructor | Summer 2017*
- Taught the DIY: Build Your Own Laptop and Learn Python course to high school and middle school students
- Created curriculum, developed projects & assignments

THE MOVEMENT - DANCE TEAM

External Affairs Chair | Fall 2018 - Present
- Planned dance workshops and events for a 150+ member organization
- Organized and facilitated on-campus dance performances

Historian & Design Chair | Spring 2017 - Spring 2018
- Photographed dance teams, produced dance music videos
- Took and organized photos and videos of all events
- Managed design, production, and distribution of apparel
